OUT REACH PROJECTS

supported by **For the Love of Mateo**

THE HOME PROJECT

Provides homes, stoves, beds, & water filters for disadvantaged families living in Guatemala.

FTLom works with community leaders to identify families in need of these items and work with **FTLom** to organize the home build or delivery of these items.

Mission team members traveling with **FTLom** will participate in raising funds for these items as well as painting the homes once they are built, and then presenting them to the families.

THE GARDEN PROJECT

A community garden started by "The Ninos Con Bendicion". **FTLom** covers the monthly salaries for two gardeners who work full-time tending the garden.

Vegetables grown are distributed to the families in their after school program, as well as donated to the elderly, disabled, and home-bound living in San Antonio. Additional vegetables are donated to nursing homes, orphanages and hospitals in their area. A monthly salary for one gardener is \$272 a month. **FTLom** is looking for sponsors to cover these monthly salaries. Currently **FTLom** does not receive any funding to cover this expense.

FTLom GROCERY PROGRAM

Sponsor a disadvantaged family living in poverty to receive groceries on a monthly basis delivered on your behalf. Your sponsored family will receive groceries delivered monthly by FTLom's in country assistant, on your behalf.

You will receive photos of your family receiving their groceries each month sent via email by FTLom's in-country assistant.
